Small Nightmares is a puzzle-platformer horror adventure sport Developed by Tarsier Studios and released by Bandai Namco Entertainment. A hungry little woman (whose title is Six) is trapped at the Maw — a mysterious boat catering to the whims of ill and strong creatures. After waking up at the depths of this Maw, Six decides to escape the harsh boundaries, having routine minutes of excruciating and primal-like appetite. Whilst climbing, she shortly becomes jaded from the long-armed blind Janitor of this Maw, shooting the runaway kids. She finally becomes trapped with the Janitor after being enticed by food, though she manages to escape. After hammering the Janitor by cutting his arms off with a doorway, Six follows the conveyor belt upwards to a massive kitchen run by the gruesome Twin Chefs. After another bout of appetite, Six is made to consume a live rat. The Chefs are planning a massive feast and endeavor to kill Six if she reaches their line of sight. After managing to evade her, she discovers a way from this boat. Game Trailer How To Download on Mobile 1. Click on the "Download Game" button. 2. On a very large scale, players love to soak into the dramatic aspect of puzzles, using the skills to solve the mind games slowly and steadily. If you want to experience one of the best puzzle games of all time, it is time that you come to terms with very few nightmares. This adventure aspect is considered to be a lifeline for players and thus, let us look at some interesting facts about the game. The Gameplay Explained: The game of very little nightmares mod is simple but comprises some delicate details. The main narrator of the story is a girl in a yellow raincoat, who needs to escape from the haunted house. This creepy sense of atmosphere must be dealt with. Therefore, it is time that the girl must come out of the house, and the only possible solution to do so is to solve some minute puzzles. The girl must find her way out and thus, it is time for the players to help her out. The basic gameplay of the game starts with the girl, been trapped in the four walls of a haunted house. The nightmarish effect can be felt from the very beginning of the game. The players, therefore, must begin the game by solving the puzzles and guiding the little girl through all the rooms in the castle, till she finds her way out. The game isn't complex to play at all but requires the players to adjust to the standards first. The player must be careful with their guidance skills or else the girl might end up in the dead room, like the rest. The main intriguing aspect of this game is the series of levels that the players must solve one by one. There are secret plots and complete enchanting music playing on the background, to complement the creepy atmosphere around. The players must be sure of the fact that the entire life of the girl is in their hands. Thus, you must at all costs, avoid specific enemies, which try to take away the girl from your clutches. As you proceed in the game, you will find it all the more interesting to discover secretive plots in Very Little Nightmares and about the house that the girl is living in! Game Features The game of Very little nightmares is loaded with lots of interesting features, will call for some serious action by the players on a very first basis. Therefore, if you are new to the game and want to go through the plot first, then you can watch the game video first. Once you know how to start and proceed with the game, some of the most significant aspects that players must know about are as follows: In the very first stage, players must be able to contribute to the exploration prospect of the game. This relates to the fact that the whole house is a maze and the situation must be solved as quickly as possible. There are death-threatening situations and traps laid down for players, which you must stay away from. The next important thing is to solve the puzzle and challenge all that comes in front of you. Players can solve the puzzles in a manner possible. This will lead the player to get in touch with the survival mode in the haunting house. Survive in the haunted house- There will normally be too many situations in the haunted house. Therefore, it is time that you capture the enemies and get rid of them in order to help the girl survive through the ordeals. Players here must be smart to equip some strategies to go through the game by taking the girl out! Once the game proceeds, players will start to unlock mysteries and various facets of truth in the game. This will bring the players close to the verge of saving the girl. Lastly, players must be able to rescue the girl by all means possible. This will ensure that you play the game will all your heart to enjoy the mystery that lurks throughout!
